

PALEO

The Caves

Since our home has been devastated by a severe earthquake, we seek shelter in the nearby caves. There we face darkness, erring paths and strange noises.

IMPORTANT!

The Paleo base game is required to play this module.

The caves force you to rethink your approach to the other modules. They also increase the level of difficulty a little.

ADDITIONAL SETUP

Remove the **8**  (home cards) from the base cards, shuffle them and place them as a deck to . You will only receive these cards during the course of the game.

NEW SYMBOLS AND ACTIONS

WANDERING THROUGH THE CAVE

Whenever you choose an option with this symbol, you first discard the revealed card as usual. Then place all cards that are **above** the **next**  (cave card) **under** your deck. You may not change the order of these cards. If the top card of your deck is already a  (cave card), you **do not** place any cards under your deck.

In both cases, there is now a  (cave card) on top of your deck. Place it face down in front of you. You **have to** reveal it on the **next** turn. You may not choose another of the top cards of your deck.

Special case: If you don't have any  (cave card) in your deck, nothing happens.

! If you choose this option and place a card with a red back under your deck, you **do not** take any damage from that.

DRAW A HOME CARD

Draw **1**  (home card) from the face down deck at **8**. Place it face down on top of your deck.
You have made yourselves at home in the cave.

Example: Resolving “Wandering through the cave”

1

You find the next  (cave card) in in your deck.

2

You place all cards above that card under your deck without changing their order.

3

In the next turn you have to reveal the (cave card), that is now on top of your deck.

CARDS WITH *

GLOWING MUSHROOMS

If an action with a  cost requires you to spend **1** or more  (torches), you may choose (per torch) to spend **1**  (food) instead.

If you don't have any 🍖 (food) in your base camp, you may not choose this option. If you have to meet a 👁️ requirement, you may **not** spend 🍖 (food) to meet it.

FLOODED PASSAGE & FLAMMABLE GASES

If you **do not** have any 🔥 (torch) in your group, you may help another player or choose to ignore the card. If you have the “Glowing Mushrooms” card, 🍄 (food) in your base camp **does not** count as 🔥 (torch).
